Subject: Posting IRIS Peer Review Plans on SI-PRA

Importance: High
Flag: Follow up

Hi Gina,

In the first half of July, I will be updating (or creating new plans as needed) the HISA/ISI peer review plans on the **Agency's Science Inventory – Peer Review Agenda Website**. Some time ago I talked with Samantha and we thought that public peer review plans would best be started/posted/updated right before or around Step 4a and I see Step 4a is approaching for **ETBE and N-butanol**, so I need to get these two done soon. The others will not be posted yet. I think I already have some of these in the system but they are out of date.

To do the update, I extracted info from SCOUT, to help me. Don't worry, I am only looking for a ballpark quarter for the CAAC peer review meeting since the public review plan lists projected 'quarter', not exact date for the peer review meeting until it is held and at that time I update the plan with the actual date. I can also update the plans at any time in case the quarter moves out.

What do I need from you?

Please tell me if I can rely/use the projected dates for **Step 4d** or should I project farther out beyond the projected dates in SCOUT? **Ex. 5 Deliberative Process (DP)** Remember these are only projections. I will not post any plans that have not reached Step 4a yet. I will keep those records/plans internal until Step 4a.

Extracted from SCOUT on 7/5/2016 –

To be peer reviewed... generate peer review plan if not already on Agency's Peer Review Agenda

IRIS ASSESSMENT: Ethyl Tertiary Butyl Ether (ETBE)

Ex. 5 Deliberative Process (DP)

IRIS ASSESSMENT: N-butanol

Ex. 5 Deliberative Process (DP)

IRIS ASSESSMENT: Butyl Benzyl Phthalate (BBP)

Ex. 5 Deliberative Process (DP)

IRIS ASSESSMENT: Dibutyl Phthalate (DBP)

Ex. 5 Deliberative Process (DP)

IRIS ASSESSMENT: Diethyl Phthalate (DEP)

Ex. 5 Deliberative Process (DP)

IRIS ASSESSMENT: Diisobutyl Phthalate (DIBP)

Ex. 5 Deliberative Process (DP)

IRIS ASSESSMENT: Diisononyl Phthalate (DINP)

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

IRIS ASSESSMENT: Polychlorinated Biphenyls (PCBs) – Noncancer

Ex. 5 Deliberative Process (DP)

IRIS ASSESSMENT: Formaldehyde

Ex. 5 Deliberative Process (DP)

IRIS ASSESSMENT: Diethylhexyl Phthalate (DEHP)

Ex. 5 Deliberative Process (DP)

Have been peer reviewed...update peer review info when final is posted.

IRIS ASSESSMENT: Ethylene Oxide (Cancer)

Ex. 5 Deliberative Process (DP)

IRIS ASSESSMENT: 1,2,3-Trimethylbenzene

IRIS ASSESSMENT: 1,2,4-Trimethylbenzene

IRIS ASSESSMENT: 1,3,5-Trimethylbenzene

Ex. 5 Deliberative Process (DP)

IRIS ASSESSMENT: Benzo(a)pyrene

Ex. 5 Deliberative Process (DP)

IRIS ASSESSMENT: Hexahydro-1,3,5-trinitro-1,3,5-triazine (RDX)

Ex. 5 Deliberative Process (DP)

Thanks,
Cheryl
